

What we offer

Our range of services include:

- Assessment, support and safety planning for victim-survivors of domestic abuse
- Assessment and support for those who want to change their abusive behaviour.
- Refuge and safe accommodation options
- Support for children and young people affected by domestic abuse
- Targeting support for those who may otherwise struggle to access services

About Cranstoun

Cranstoun offers a wide range of services across England, including domestic abuse services, supported housing, specialist services for children/young people, families and carers and community-based substance misuse services.

Our skilled and compassionate teams work with service users, families and communities, helping them to make positive changes. We've been making a difference since 1969 by combining our expertise with innovative approaches and putting people at the centre of what we do.

Confidentiality

Cranstoun respects your right to privacy. At your first meeting with a Lead Worker, we'll explain how we keep things confidential.

Domestic Abuse Services in Wokingham

OUR WORK IN WOKINGHAM

Domestic abuse services in Wokingham (DASS) are delivered by Cranstoun, a charity with over 50 years' experience of empowering people to live healthy, safe and happy lives.

DASS brings together an integrated range of programmes and interventions, each delivered by staff with specialist skills and experience supporting those affected by domestic abuse. This specialism allows us to deliver the best support possible for the Wokingham community.

The interventions include:

- DASS outreach service
- Seeking Safety/Freedom programme
- Men & Masculinities programme
- Children and young peoples' programme
- Refuge provision

Our services are available to victims and survivors of domestic abuse regardless of people's age, disability, gender, gender identity, race, religion or belief or sexual orientation

OUR PROGRAMMES

DASS Outreach Service

Support and advocacy service for 16+ year olds, working with those at risk of harm from intimate partners, ex-partners or family members. The service supports individuals to increase their safety and that of their children and is delivered by the way of a One-Stop-Shop, offering advice and support appropriate to the needs of each individual. The outreach service works with those from all genders and sexualities.

Seeking Safety

A 12-week programme for victim-survivors with safety as the overarching goal, helping clients attain safety in their relationships, thinking, behaviour and emotions.

Freedom

A 12-week domestic abuse course identifying the roles, attitudes and beliefs of the abuser, and helping victim-survivors make sense of what has happened to them.

Men & Masculinities

A programme designed to support men to make positive changes. An accompanying Women's Support Service provides support, empowerment and safety for women whose (ex-) partners are attending the Men & Masculinities programme.

Women and LGBT+ people wanting to change abusive behaviours

A 16-week one to one programme for women and LGBT+ people that are identified as the primary or predominant aggressor. This service also provides accompanying (ex-) partner support.

Children & Young Person's Programme

A 10-week one-to-one programme for children aged 9-18 years. The programme will cover the impact of domestic abuse on children and keeping children emotionally and physically safe. It will provide a safe space for children to play, express their feelings, build resilience and improve emotional health. For under-9's we offer one-to-one play and group therapy.

Fortis

A 12-week programme for male victim-survivors of domestic abuse aimed at who have left an abusive relationship. Its key aim is making survivors of abuse feel safer.

LGBT+

A newly developed 12-week victim/survivors offer for those identifying as members of the LGBT+ community.
